Week
5

5

Paid Search Advertising (PPC)

Master Google Ads and Bing Ads to run effective paid search campaigns.

- Setting Up Google Ads Campaigns
- Bidding and Budgeting Strategies
- Ad Creation and Optimization
- Measuring PPC Campaign Effectiveness
- A/B Testing for PPC

Learning Outcomes

Learn how to plan, execute, and optimize high-impact paid social media campaigns that drive measurable business growth. Gain a deep understanding of audience targeting, campaign structuring, ad creatives, and budget allocation to maximize return on investment (ROI). Develop the ability to create and manage high-performing paid search campaigns across platforms such as Google Ads and Bing Ads, including keyword research, bidding strategies, and performance tracking.

Step-by-Step Weekly Plan

Week
6-7

6

7

Social Media Marketing (SMM)

Learn how to strategically create, manage, and optimize social media campaigns across leading platforms such as Facebook, Instagram, and LinkedIn. Understand how to build a strong brand presence, connect with the right audience, and drive engagement that converts into real business results.

- **Social Media Strategies and Tools:** Gain in-depth knowledge of building effective social media strategies aligned with business goals.
- **Running Ads on Social Media Platforms:** Master the art of paid advertising by creating targeted ad campaigns.
- **Engagement and Content Creation:** Develop skills to create high-quality, engaging content including posts, reels, stories, and videos.

Learning Outcomes

Develop a content plan tailored to each social media platform's audience, focusing on engaging posts, visual content, and consistency.

Use tools like Google Analytics and social media insights to track engagement, reach, and conversion rates, adjusting strategies based on performance data.

Step-by-Step Weekly Plan

Week
8-9

8

9

Conversion Rate Optimization (CRO)

Learn strategies to improve website conversion rates and overall marketing effectiveness.

- Landing Page Optimization
- A/B and Multivariate Testing
- User Behavior Analysis (Heatmaps, Clickmaps)
- CRO Tools (Optimizely, Google Optimize)
- Funnel Analysis and Improvement

Learning Outcomes

Focus on improving site navigation, layout, and content to make it easier for users to find what they need and convert. Heatmaps and Analytics Tools - Analyze user behavior on your site using tools like Google Analytics and heatmaps to identify areas where users drop off and optimize those areas for better conversion rates.

Step-by-Step Weekly Plan

Week
10

10

Email Marketing and Automation

This module focuses on text processing and analysis techniques for natural language understanding. Students will work on applications such as sentiment analysis, text classification, and named entity recognition (NER), leveraging state-of-the-art models like BERT and GPT.

- Email Campaign Creation
- List Segmentation and Personalization
- Automation Tools (Mailchimp, HubSpot)
- Analyzing Campaign Metrics
- Building Email Funnels

Learning Outcomes

Develop the ability to create highly effective, automated, and personalized email marketing campaigns that drive engagement and increase conversions. Learn how to segment audiences, craft compelling email content, and design visually appealing email templates that resonate with different customer groups.

Step-by-Step Weekly Plan

Week
11-12

11

12

Data Analytics and Marketing Metrics

Understand how to track, analyze, and use data to improve marketing performance.

- Google Analytics and Tracking Setup
- Defining KPIs and Metrics
- Campaign Performance Reporting
- Attribution Models
- Data Visualization Tools (Tableau, Power BI)

Learning Outcomes

Develop the expertise to plan, execute, and manage high-performing display advertising campaigns across platforms such as Google Display Network and other programmatic channels. Learn how to design visually compelling ad creatives, select the right audience segments, and strategically place ads to maximize visibility and brand awareness.

Step-by-Step Weekly Plan

Week
13-14

13

14

Display Advertising and Retargeting

Learn how to run display ad campaigns and use retargeting to drive conversions.

- Google Analytics for Campaign Tracking
- Performance Metrics and Reporting
- Attribution Models for Conversions
- Tools for Data Visualization (Tableau, Power BI)
- Generating Actionable Insights

Learning Outcomes

Learn how to execute high-impact display advertising campaigns that effectively capture audience attention and build brand visibility across digital platforms. Gain the ability to design compelling ad creatives, select precise audience segments, and strategically place ads for maximum reach and engagement.

Understand and implement retargeting (remarketing) strategies to reconnect with users who have previously interacted with your website or ads. Learn how to deliver personalized ad experiences that boost engagement, improve conversion rates, and enhance overall campaign performance.

Step-by-Step Weekly Plan

**Week
15**

15

Affiliate and Influencer Marketing

Explore affiliate and influencer marketing strategies to expand brand reach.

- Setting Up Affiliate Programs
- Finding and Collaborating with Influencers
- Tracking ROI on Affiliate Campaigns
- Creating Engaging Affiliate Campaigns
- Influencer Outreach and Negotiation

Learning Outcomes

Focuses on performance based marketing where affiliates earn commissions for driving traffic or sales through their promotions. Key metrics include conversion rate, click-through rate, and average order value.

Involves collaborating with influencers who have a dedicated and engaged audience to promote products or services. Metrics include engagement rate, reach, and overall return on investment (ROI) from influencer campaigns.
